FACTS CONSTITUTING PROBABLE CAUSE

Comes now Detective KENNETH SABBY, Bella Vista Police Department, and under oath doth state:

"On 3/26/2022 at approximately 1854 hours, I (Officer Jeffers) was traveling southbound on Highway 71 near Riordan Road behind a white Dodge Dakota. While traveling behind the vehicle, I could not read the license plate due to a dark colored license plate cover. I initiated a traffic stop on the vehicle at the intersection of Highway 71 and Mercy Way. Upon contact I spoke with the driver, Shyla Carroll and the passenger, Eddy Loggins.

I advised Shyla that I was stopping her because I could not read the license plate on the vehicle. I asked Shyla for her driver's license, and she stated her license was suspended. I asked Eddy if he had a valid license, and he stated no and that his license was suspended. I asked Shyla and Eddy if they had been in trouble, and they both stated yes. I asked Shyla where they were going, and she stated to Hayward, Oklahoma. I asked Shyla where they were coming from, and she stated Kansas City, Kansas. I asked Eddy for insurance for the vehicle, and he seem to hesitate to open the glovebox. Eddy put his hand on the glovebox, but did not open it. Eddy then asked if I wanted to see the insurance, and I stated yes. Eddy barely opened the glovebox, and retrieved the insurance but then closed the glovebox again. It seemed Eddy was very nervous about opening the glovebox.

I ran Shyla through ACIC, which showed her license was expired since 2020. I also ran Eddy through ACIC, which showed his license was suspended. I walked back to the vehicle, and asked Shyla what she had been in trouble for and she stated theft and drugs. I asked Eddy what he had been in trouble for, and he stated for theft and assault on law enforcement. I asked Eddy if I could search the vehicle, because the vehicle belonged to his girlfriend that was not present. Eddy denied consent.

I asked K9 Officer Hixson to travel to my traffic stop. I also asked dispatch to run a triple I on Eddy and Shyla. K9 Officer Hixson arrived on my traffic stop. Dispatch also advised me that Shyla had drug history, and Eddy had Assault on a law enforcement officer. I asked both Eddy and Shyla to exit the vehicle, which they complied.

K9 Officer Hixson deployed his K9 around the vehicle, and advised me that there was a positive alert to the vehicle. While K9 Officer Hixson was walking the K9 around the vehicle, I stood behind Shyla. Shyla began to make a few movements, and then almost fell to the ground. I caught Shyla, and assisted her to the ground. I asked Shyla what was wrong, and she stated she did not eat today. I asked Shyla if she wanted medical attention, and she stated no. I assisted Shyla to the curb to sit.

K9 Officer Hixson and I began searching the vehicle. While searching the vehicle, K9 Officer Hixson handed me an orange pill bottle that contained a large amount of suspected methamphetamine. I placed Eddy in handcuffs, and K9 Officer Hixson placed Shyla in handcuffs. K9 Officer Hixson also read both Eddy and Shyla their Miranda Rights, which both stated they understood. I opened the pill bottle to look at the suspected methamphetamine. While opening the bottle, suspected methamphetamine residue got on my glove. My glove was field tested for methamphetamine so the bottle would not be opened again. My glove field tested positive for methamphetamine. K9 Officer Hixson also located a black and silver Beretta handgun in the glovebox. The handgun had several rounds in the magazine. K9 Officer Hixson also found several more items in the vehicle, see his supplement report for further information.

I also located a black Hi-Point handgun in Shyla's purse. The handgun had several rounds in the magazine. I found a syringe with suspected methamphetamine residue in a red duffle bag in the back of the truck. I also found a bong that had a suspected methamphetamine pipe attached to it. I located the bong in the center console near the cup holders. I located a large container underneath the hood that contained suspected methamphetamine residue. I could not seize the container due to it being attached to the vehicle.

The following items were located and seized in the vehicle:

- ☐ Orange pill bottle with suspected methamphetamine (field tested positive for methamphetamine) (approximately 23.23 grams)
- ☐ Baggie with suspected marijuana (Approximately 8.99 gross grams)
- ☐ Black/Silver Beretta Px4 Storm 9mm (Serial # PY35327)
- ☐ Black Hi-Point C9 (Serial # P1547233)
- ☐ Multiple baggies
- ☐ Three working digital scales with suspected methamphetamine residue (field tested positive for methamphetamine)
- ☐ Syringe with suspected methamphetamine residue
- ☐ Suspected methamphetamine bong with a glass pipe and residue
- ☐ Glass pipe with suspected methamphetamine residue
- ☐ Four boxes of ammo (40 caliber, 45 caliber, .380 auto, 7.62x39 rounds)
- ☐ Kansas ID belonging to Linda Kelly
- ☐ Mastercard Credit Card belonging to Brendan Kelly
- ☐ $137.00 in US Currency

Dispatch advised both Shyla and Eddy were convicted felons. The suspected methamphetamine will be sent to the crime lab for testing.

Both Eddy and Shyla were arrested and charged with Simultaneous Possession Drug and Firearms, Possession with Intent to Deliver (Methamphetamine and Marijuana), Possession of Drug Paraphernalia, and Possession of Firearms by Certain Persons. I transported both individuals to the Benton County Sheriff's Office to be held for bond."

"On 03/26/2022 at approximately 1912 hours I, Officer Matt Hixson, was contacted by Officer Jeffers stating he was on a traffic stop at the intersection of 71 Highway and Mercy Way (which was directly across the highway from where I was already on a traffic stop myself) and he needed a K-9.

I cleared my traffic stop and responded to his location. Upon arrival, I activated my camera and stepped out of the vehicle to get a briefing from Officer Jeffers who already had the two occupants of the vehicle standing outside the car. Upon hearing his reasonable suspicion, I approached the two occupants and identified myself and advised them I had a K-9 and planned to

conduct an open-air search about the vehicle. I asked them both if there was anything illegal in the vehicle either of them wanted to admit to the open-air search was conducted and both stated "no".

I then deployed my K-9 partner "Huk" to conduct an open-air sniff around the vehicle. It should be noted that as soon as the K-9 was visible outside my patrol car, the female driver lost feeling in her legs and had to be physically caught by Officer Jeffers before she passed out/collapsed to the ground.

Huk began at the driver's front bumper area and went down the driver's side of the truck first. As Huk passed the driver's window he showed a very noticeable change of behavior but kept moving. As he circled around the back of the truck and approached the passenger side door, he alerted to the rear of the passenger door seam and refused to come off his alert. After the positive alert to the vehicle, I then returned to the door and opened it slightly so that Huk might be able to pin-point the source of the odor. Huk jumped into the passenger seat of the truck and put his nose directly into the crack between the passenger seat and the center console before freezing in place and refusing to move. This signifies a very good alert.

After placing Huk back into my patrol vehicle, I then assisted Officer Jeffers with his search of the vehicle. I went straight to where Huk had put his nose and looked between the seat and the center console. I located a prescription bottle with what appeared to be a large amount of a crystal like substance having the appearance, texture, and odor of what my prior training and experience would lead me to believe was crystal ice methamphetamine. The substance would later field test positive for methamphetamine. I then returned to both subjects at the front of Officer Jeffers' patrol vehicle and assisted in placing them in handcuffs. I also advised both of them of their Miranda Rights Warnings and both stated "yes" that they understood their rights as read to them.

A further search of the front passenger area revealed a small zippered duffle bag in the floorboard in front of the seat. In the bag was a large amount of unused Ziploc bags in one pocket and a plastic tub in the other. The plastic tub contained digital scales as well as other paraphernalia. I then opened the glove box and located a loaded pistol. Finally, I located a woman's makeup bag in the rear seat. Inside the makeup bag was a Ziploc bag with an unknown amount of a green leafy substance having the appearance, texture, and odor of what my prior training and experience would lead me to believe was marijuana. All evidence was immediately turned over to Officer Jeffers at the scene for further processing.

This concluded my involvement in this case. Nothing Follows at this time."

Based on the foregoing, the nature of the crime(s), the likelihood of conviction, and the possible severity of penalty that could be imposed, and the lack of ties to the community and State of Arkansas, the State joins me in requesting that a bond in the amount of $100,000.00 be set on SHYLA SHANAEE CARROLL.
